

# IT'S YOUR JOURNEY

...we're here to help!

Discovering Jesus and the adventure he calls us to is a journey of endless possibilities and new opportunities. His invitation is simply, "Follow Me." It's not a check-list, or formula, but instead an adventure of awareness, growth, discovery and experience.

In the journey there are certain markers that prepare us for the next new place. There is no one blueprint, but the journey of faith is one of owning where I am, and where I want to go. It's your Story. Your Journey. We're here to help!
