

Week 6: Moving Forward

4.2.23

There's something that happens when we move forward with the plans our Heavenly Leader has for us!

Jesus knew a bit about making an entrance into something significant and the opportunity, euphoria and challenges that come. He gets us.

We continue to run after the amazing opportunity in front of us. This is an all skate, with the potential of something amazing! When you're running after God, you're running in the right direction.

1. This weekend is Easter! Everybody share about your favorite current Easter tradition or one of your favorites as a kid?
2. Share about a time when you second guessed a big decision. What happened? Did the second guessing pay off or prevent you from moving forward?

Last week we looked at the final entrance into Jerusalem Jesus made. This is often celebrated as Palm Sunday. While the crowds were excited, Jesus knew the decisions and path that was in front of him that would lead to the cross. Abbie gave us three ways we can go forward from the life of Jesus, in the midst of these moments:

- 1) Don't let fear make decisions for you
 - 2) Step up, not back
 - 3) Stay The Course
3. Which of these 3 do you need to lean into with a decision or circumstances you are facing right now?
 4. Which of these 3 do you tend to be most impacted/influenced by as you think about choosing to be part of the RENEW Initiative by making a 3-Year Financial Commitment and Volunteer Commitment? Why?
 5. What do you need today? Is there anything this group can do to be of help or support for you right now?
 6. This weekend is Easter! Take one minute to write down three names that come to mind that perhaps need an invite to Easter at Crosspoint. Make a plan on when and how you will invite them to come sit with you or watch with you.

Wrap-Up:

If you have not yet made a RE:NEW Financial Commitment and Volunteer Commitment, there's still time. God invites you to be part of what he is doing and to get a front row seat to see Him work in and through us. Join the movement at crosspointweb.org/renew
